

Finorchem Limited requires highly talented B.Sc. (Chemistry) freshers for its Chemical Synthesis laboratory at Vadodara (Gujarat).

Interested candidates may apply at: corporate@finorchem.com within 15 days.

Finorchem Limited is a leading manufacturer of rubber processing chemicals in APAC region. A closely held company, Finorchem commenced commercial operations in 1981. We at Acme Group have acquired Finorchem Limited. Besides adding production capacities this acquisition will help Acme group of companies to expand its basket of product offerings to its customers. Finorchem has ambitious targets to grow in its export market. The Company will export its products to countries like Thailand, Sri Lanka, Malaysia, Taiwan, Turkey, Vietnam, Pakistan, New Zealand and Europe. Products are sold directly by the Company to large tyre manufacturers and pharmaceutical companies. Finorchem has an in-house Research and Development (R&D) department which has been accorded government recognition by the Department of Scientific and Industrial Research (DSIR), Ministry of Science and Technology, Government of India, New Delhi. Acme Group shall employ over 300 people between its administrative office and three plants. Finorchem strongly believes in the overall development and career progression of its people and has been implementing various development programs, in order to achieve this objective.
